Recommended Supply List

Workshop: Exploring and Creating with Mixed Media

1. Liquitex Gel Medium

Matte, not glossy; 8 fl oz jar or larger. We will be using lots of this wonderful, non-toxic adhesive.

2. Bristol Board

One pad. 11 x 14 is a good size, or slightly larger if available. Strathmore is a good brand.

3. Scissors

One pair of sharp scissors.

4. Acrylic Paints

One set. You can buy a basic starter sampler in small tubes or jars in a pack (white, blue, red, yellow, black, green). Golden or Liquitex are my favorite acrylic brands.

5. Watercolor Paints

One starter set of watercolor paints in tubes (basic colors). Windsor & Newton, Daniel Smith, and Hobein are all good brands.

6. Collage Materials

Bring in any old newspapers, pieces of fabric or lace, tattered books that you would discard, interesting old papers or wallpaper books, and old photos that don't mean much to you. All of these can be GOLD for our mixed media/collage projects.
